I can see that you put effort in this.

Good job :)

Goodies - March 2, 2014, 4:09 pm

Even though you use ms08_067, it's still a great, thorough introduction :D

Vexane - March 2, 2014, 4:14 pm

Sadly I don't know what half of this is!

Thanks for the tutorial though, I'll try learning some more and coming back to it later.

I'm really confused. This kinda stuff is really complicated.

Zabuza? - March 2, 2014, 5:55 pm

I think you should add a little more detail on what you're actually doing for users like the one above me.

Goodies - March 2, 2014, 10:35 pm

If anyone has questions about what he's doing, post here and he (or I, if he let's me) will answer them :P

It works in Wine btw :)
Ehh... I don't know... I just like gifs...

Nice tutorial. I am "attempting" to learn how to become a pentester... But I don't know exactly where to start though.
