thanks advance

Black Reaper - March 3, 2014, 7:42 am

Can i have the both methods thanks bro :)

Hunting Rifle - March 3, 2014, 7:44 am

I'd like the BTC method, thank you.

Weeping Angel - March 3, 2014, 7:52 am

I Pm'd you about this! I would really like this method, as I am not capable of BTC mining with my PC. I'll edit this with a vouch if this method works!

Trenchguns - March 3, 2014, 6:47 pm

Careful! Chrome detected malware on the bitcoin site. I disabled protection then web of trust blocked the page. I disabled that then windows defender quarantined something. IDK if all those were false positives, but I'ma steer clear. Vouch for the vps site though! I actually already was signed up for them.

vishalqw - March 3, 2014, 7:24 pm

I'd love the method . Thanks for this share .

MasterTech - March 3, 2014, 7:46 pm

Turns out windows defender event was unrelated. Chrome just said malicous site with possible malaware. Not as bad as I first thought.

In summary

Vps=legit

Bitcoin=ok.(probably just false positives)

yollo - March 12, 2014, 7:11 pm

Sent me a pm for this plz . Thanks man :)
