Do you need a review? I'll be happy to review your ebook very honestly.

Myself as well. As though my reputation is not as high as the previous user, I am an avid writer and will be totally honest, forthcoming, and positive if need be about your eBook.

My reputation is over a hundrend and I'm known for social engineering & psychology in general. I could review this for you as well within 24 hours, if you send me it. I could also give you a hand with the GFX for signature. lol

I've just purchased a copy of this Ebook, hopefully it'll generate me money.
A review will be posted once I finish reading it.

@~Please send me the copy Elmo.

The method isn't unique, and can generate you very easy money.
