Do you play Band?: Not anymore.

Did you ever play in Band?: Yeah, I played in the school's symphonic band, and played in the Jazz band for the extra performances.

If you play in band, what instrument do you play?: I played Jazz guitar for the jazz program, and Alto Saxophone for the symphonic band.

I've played Saxophone for about six years, and Guitar for about eight years. I've taken lessons for both instruments and music theory. On top of both I play piano and mandolin. Jazz band was really my first real experience performing guitar, and I owe everything in my life to my middle school for opening up that to me, for the skills I acquired really opened up the instrument, and music theory to me.
