I know the D-Stat they are using is not there here is proof

That D-Stat belong to Rage Booter

I am not affiliated with Rage Booter but i hate seeing Fake Advertisers.

Cletus Kasady - March 8, 2014, 2:58 pm

UnknownManage - March 8, 2014, 3:00 pm

UnknownManage - March 8, 2014, 7:16 pm

I can provide a real DSTAT if need for both rage booter and saber stresser to bring out the truth.

Cameron. - March 9, 2014, 4:49 pm

I think it's safe to say that any booter using a "LiteSpeed" DSTAT today, is lying.

Teh Afro - March 10, 2014, 4:31 am

Most boosters dont have the power they advertise but stealing a whole D-Stat graph is a bit different.

fagbooter ([Click to View](#))<https://i.gyazo.com/2cd7b402d783747f6b3c14dda170e1a5.png>

fagbooter's dstat for Gbps goes 0, 5, 10, 15, 20, 25 and

Saber Stresser ([Click to View](#))<https://i.gyazo.com/dda8f639c84ac26bd1daf68b9a97b565.png>

Saber Stresser's dstat for Gbps goes 0, 5, 20, 25, 20, 25

they may be using a edited dstat cause since when does a dstat repeat like that (20, 25, 20, 25)

I really glad people are noticing that they are liers. I will keep my eye out for more booter that false advertise.

Syracusia - March 11, 2014, 11:02 pm

Doesn't even matter both DSTATs inaccurate anyway.
