I've made a bit of money from eBay this last week as well, but only \$100.

I'm also waiting for my funds to become available :C

Wow, congrats man. That's a hell of a lot of money if you have a method and didn't just sell shit you had laying around the house.

Mind sharing the method? You don't have to give it exactly away, just the principle. (Dropshipping, flipping, etc.)

You said you sold your laptops? Were you selling anything else or just your old items?
