Once i find someone who pays , i try to get him to pay for different things like meet ups in coffee shops, cinema tickets , traveling tickets over a few days

SE with them for 2 weeks (block and unblock them at will) till you get satisfactory amounts and move on to new paying slaves

Just to brag after i knew he believes am coming to Swiss and send me 75\$ for a show this is what i reply

'75\$ fucking dollars is chump change none-the-less (angry here!!) your only implying that am some poor scrub living in a 3rd world country living on a bag of rice a day.'

i send him a link of a dress am gonna order to carry along
its 239\$ and i make him send me the balance 164\$

Apparently my VCW is flying to Swiss by 15th & looking to earn a nice bit on 14th before virtually flying he's already crossed more than 400\$?

Guess my SEing got really lucky here ?

Dont give up mate , pick up ideas and work on your own method , will mature to give you good earnings

Start off with search for good quality slaves not from chat avenue

If you get them to pay them start working up higher,
maybe give them for the 2nd show for 75\$, 60min and give them them the liberty to use the time as they please

If you cant delivery always use GC & dont run but make excuses cause it give you a better chance of getting more
Good Wishes?
