This eBook teaches you how to make money in the long run, and you can make tons and tons of money if you put enough effort into this. This eBook comes packed with images and a very simple overview of what you need to do to be successful.

Originality: 7/10

This eBook isn't that original, as the method is used often by multiple people, but do not let this fool you. This eBook comes great with explaining how this method is done in an original method.

Ease of Use: 9/10

This eBook comes packed with images, instructions, and the support will be great for those who need it. Though unless you do not have common sense, you will not need to reach out for any support, as the eBook covers everything step by step.

Grammar: 9/10

This eBook is not difficult to understand. Everything is worded properly and you won't need to grab a dictionary to know what's going on.

Overall: 8/10

This methos is great for those with time and effort on their hands. This type of method will make more money everyday you put effort into it. It may start off slow, but you will be able to make hundreds, if not thousands a month in the future with this method. Great eBook, I would recommend anyone to buy it.

Grammar ????

Little to no spelling mistakes. Thumbs up!

Originality ???

The method isn't that original, but it's described very well. It's not the usual PPD / CPA stuff, but it's about something else which is pretty popular on the monetizing section on HF. But this e-book gives you a step by step explanation on how to follow this method.

Ease Of Use ???

The method is relatively easy to set up and it won't take that much time. However you need some skills in order to get some money out of it. The method works in theory. But you have to put some time in it. And an important part of the "setting" isn't described in this e-book, but I guess everyone already knows about this..

Organization ?????

Clear structure and good organization. This e-book is very friendly for everyones eyes ;)

Overall ???

Finally an e-book that doesn't tell you that you will be making hundreds or thousands of dollars a day!

The method itself is described step by step, and the e-book will guide you through it.

But an important part (the basics) aren't described here. Nevertheless, it's a nice e-book that offers you a realistic income.

Good luck with the sales ?

Thanks for the vouch, hope you earn some good amount of cash with this

Rayyy - March 16, 2014, 12:28 pm

I have received a vouch copy of this e-Book and the following is my honest and unbiased review about it:

Originality: The method in this e-Book is not that original, but the author succeeded at explaining the method very thoroughly so that you could easily execute the method.

Layout: The layout of the e-Book is very easy on the eyes.

Grammar: I have not noticed any grammar mistakes.

Overall, this is a pretty good e-Book and it can realistically earn you a decent amount of money only if you put the time and effort in it.

Note: I am in no way affiliated with the author of this e-Book.

420. - March 17, 2014, 6:20 am

I wish you the best, good luck with earning a few.

420. - March 24, 2014, 5:08 pm

Bumping the thread, this is still available for sale.

Mr. Nobody - March 24, 2014, 6:47 pm

Do I need to have extensive knowledge of any subjects? Also can I AFK it?

420. - March 25, 2014, 3:50 am

Nope, you don't have to be good at any specific areas (except common sense).
It's autopilot so you can do it AFK - yeah.

420. - April 5, 2014, 9:09 am

This is still for sale, get it while its fresh.
