I can provide you with a review. PM me if you would like.

FroStorm - March 15, 2014, 7:56 pm

Looking for 3 trusted members to do a review on my ebook.

:D - March 16, 2014, 12:29 am

Hi, I received a vouch copy; the following is my review of the eBook that was sent to me:

Quality:

The method describe will work. However it will require you to invest a fair amount of time. The eBook itself is 50 pages (including title pages and pictures). It's filled with content and every part of it is packed with required and useful information. The method also comes with a video guide if you don't want to read a pdf (although the video guide is mainly him writing in notepad and using chrome to access the required websites).

4.5/5

Ease of Use:

This method takes time (as I mentioned); it is not a "1click make money super fast". However, once you have repeated the method a few times it should come to you naturally and then you'll be rolling it in.

3.5/5

Layout:

Nothing wrong here at all. Very easy to read, good use of fonts. Nothing OTT either

5/5

Grammar:

Few typos but you can understand everything he is wanting to say 100%

4.5/5

Originality:

I've seen methods using somewhat similar concepts to this (however I've seen pretty much every

money making method which people have sold in eBooks) (which I have attempted and failed) but this method seems a LOT more likely to work as opposed to the methods I was using previously. If you read the guide, everything is explained to you clearly on how to proceed once the pre-requisite has been met.

4/5

Notes:

This WILL get you results but you WILL have to invest time into it. After the first successful "run" you'll be able to use this method again with a LOT more ease (and it is explained in the eBook how you can do it)

4/5 overall

FroStorm - March 16, 2014, 8:39 am

Thanks for the reviews, I am waiting on one more person to post their review.

Coug?r - March 17, 2014, 9:31 pm

I vouch for my man medusa :]

He knows what he's doing and is a great pal of mine.

dreamm - March 18, 2014, 2:22 am

Hi

Vouch for Medusa, legit seller! Greay

Thanks

FroStorm - March 18, 2014, 11:49 pm

Thanks for the vouches guys, still selling!

FroStorm - March 19, 2014, 11:19 pm

(Mar 19, 2014 07:55 PM)Omniscient Wrote: [\[CITE\]](#) This is a paid sticky until April 2, 2014.

HackForums does not endorse the product nor vouch for the seller. As always any deals on HF are at your own risk.

Thanks for the sticky Omni, still selling this wonderful e-book.

Cellulosic - March 20, 2014, 9:10 pm

eBook looks fantastic, this man knows what he's doing.

I'll be buying this in the future, hun. ;)

cyberducky - March 20, 2014, 9:11 pm

Medusa creates quality ebooks. You have my vouch.

FroStorm - March 21, 2014, 12:43 pm

Thanks for the vouches guys, still selling this amazing product.

CaptainPatchwork - March 21, 2014, 8:43 pm

(Mar 16, 2014 12:29 AM):D Wrote: [\[CITE\]](#) The method describe will work.

Big problem I notice with money making eBook reviews is that every review for every book says "I can see this making money" or "This method can make you money" but not a single review says anything really useful. If you're buying an eBook, would you rather have a reviewer saying that the

concept makes sense and the layout is pretty and it uses proper grammar, or that it has made them money?

So, anyone that has bought this, fuck the flashy graphics and spelling, are there any vouches and proof from verified owners that weren't provided by the person selling the book?

FroStorm - March 21, 2014, 10:36 pm

Did you see me personally the owner of the ebook say that this method will infact work 100% without a doubt and it will gaurentee you money? No. Now that doesn't mean the ebook won't make you money because it really can and has the potential to if you just put enough work into it. But that was someone who recived the ebook as a vouch copy. You do not have an official quote from anyone affiliated with the ebook saying that it will gaurentee money.

There actually are vouches from people who have bought this. I need to fix the image but it is under vouches at the bottom of the OP. You probably can't read them at the moment just give me a bit.

Thanks for trying to trash my sales thread. ???

CaptainPatchwork - March 22, 2014, 7:03 am

(Mar 21, 2014 10:36 PM)?edusa Wrote: [\[CITE\]](#) Thanks for trying to trash my sales thread. ??? I asked if anyone actually made money off of this. Nobody has said one way or another and with the absolute overflow of BS eBooks, pardon me for wanting to get actual people to say "Yes, I made money off of this, you should purchase this" at which point I would. Seems fair to me and is in no way an attempt to "trash" your sales thread, but rather have something called what it is.

(Mar 21, 2014 11:38 PM)Peril Wrote: [\[CITE\]](#) He did the same for me just ignore it ? or report it You paid someone to make a video recommendation for your product, and I called you out on it. Again, pardon the fuck out of me.

Apocaliptique - March 22, 2014, 12:01 pm

It seems to be an interesting E-Book, I will buy it in the future :d

Sure is, thanks. Still selling guys!

sooWooUS - March 23, 2014, 11:16 am

Is this method still working. I know you brought the resale rights to it and the ebook is nearly a year old. I don't see the point of selling a saturated ebook.

FroStorm - March 23, 2014, 11:18 am

It sure is still working, it isn't saturated at all either. There were only a few copys sold before. Plus it has been updated since then.

iJezuz - March 24, 2014, 2:15 pm

Vouch for Medusa.

His products are awesome and no one should hesitate buying this!

I use this personally and its made me tons of cash quickly ?

NewGeek - March 25, 2014, 3:57 pm

Could you check your PM, just bought this.

FroStorm - March 25, 2014, 6:10 pm
