Gangster Disciple - March 13, 2014, 1:39 pm

Hello everybody and welcome to my help-desk which is aimed at all members on the forum; Whether you are upgraded or non-upgraded, gay or straight, black or white! I believe in fairness to all.

You may have seen me post around this section a lot offering my help and advice to many people, so I thought that I'd open this up for any member to come to me to vent or to get advice on any situation that they're going through.

No matter what the subject, I won't judge the user based on what they say to me and unless they state otherwise, what is spoken about will stay strictly between me and them.

You can contact me via:[Private Message](#)

Skype - Just message me for this if it's more convenient.

I'm open to all subjects, but I'm most knowledgeable (based on many experiences) in: Most things on relationships

Depression (I know it's tough...)

Home-life problems

School problems

Confidence issues

Also, feel free to message me any questions you may have and I will try to answer them as best as I can whether it relates to one of these topics or not.

I cannot guarantee that I have all the answers that you may require, but I can assure you that I will stick to my word of helping you fully trying to support you throughout the duration of your problem.

- I'd appreciate if there wasn't any trolling, thank you.
