Okay, So I dont read the manga anyone here read it?

Also when do the next episode come out. I want to see more!

It was badass when she defeats asura. I thought it was a bit gay with the whole courage thing though.

New episode on manga? I think it was july, I can be wrong tho.

They come every month, if Im correct. I read it, but I haven't read the middle.

Overall epic series. I agree, with the gay ending tho.
