Because you're twelve and have no idea what cashmere is.

Cashmere is an extremely nice type of wool, obviously it's going to be expensive.

Go back to hot topic.

AssGang - March 17, 2014, 6:13 pm

Im guessing this deal is over?.

?

CtheB - March 18, 2014, 10:05 am

Yeah it is. Everyone who ordered is now waiting for ship. Anyone get cancellations?

Rsynced - March 18, 2014, 5:15 pm

The prices are so freaking high off of their own website. Sadly you can get better deals at brick and mortar store sales and clearance. I would feel like a tool paying that much for a polo shirt... wtf?

prada ? - March 18, 2014, 5:23 pm
