.BIZ/.US domains only \$0.98 each! Your eyes do not deceive you – for a limited time, you can get your own one year .BIZ or .US registration for under a dollar. A deal this good won't last long, and some restrictions apply. Head over to Namecheap and register your new domains right away.

www.namecheap.com

* Offer Details

\$0.98 offer applies to first-year registrations for .BIZ and .US domains only.

Limit five .BIZ and five .US domains per customer.

Offer is valid for a limited time (while supplies last) and includes two months' free private email.

Email renewals available at regular price.

Thanks! I just bought one after not being able to register one at Register because all I had was PayPal. It's nice they accept BTC too.
