Thread: [Need a sick sig + avatar. Looking for a good artist!](#)

Theme: Akuma

As my avatar I want a SF 2 style Akuma in his fighting stance. Make it a gif though so he's moving up and down.

The sig can say "Raging Demon" with Akuma showing his back looking over his shoulder after his ultra move. Can be any SF style. Surprise me.

Need someone who can do both really well.
