I'll take a vouch copy if they are still available, I will write an honest review as well.

Sasaki Haise - March 24, 2014, 4:42 pm

Vouch copy received.

I received a vouch copy and I want to begin by saying that this isn't one of those methods you can just think off the top of your head. This can be used to build up experience for those who want to make big bucks over time.

I don't think that many people are able to do this because of several reasons that I will not list, but those who are able to do this will be the ones confident in their abilities all the way through. The potential here is seemingly endless, I think that anybody who puts actual effort and time can make money off this.

aerodynamic - March 24, 2014, 4:51 pm

I received a vouch copy and I have got to say, I purchased this ebook expecting something completely different from what I received. But, I have got to say, this ebook is very well-written in all 38 pages and almost anyone can do it. It will probably be more difficult for people under the age of 18, but it is still possible. This will indeed be able to make you large amounts of cash in a completely white hat way. Also though, you will probably have to put a ton of time into this if you want to be able to make large amounts of money.

Yours truly,
Aerodynamic.

Demoz - March 25, 2014, 10:35 am

This is one of the most detailed eBooks I have read throughout my time on HF. This isn't one of those one-time \$250 payment type of things. If you really put your mind to it, you can turn this into a full-scale business. As some have said before, if you are under the age of 18, this may not be the best eBook to buy, but if you are determined, over the age of 18, and willing to put time into something, this may be something for you. The eBook goes into amazing detail covering just about every topic, the only downside is the walls of text and lack of pictures or much creativity. The potential with this is incredible, and I give it:

8.5/10

James¥ - March 25, 2014, 10:44 am

I received a vouch copy of this eBook.

This eBook is extremely detailed and explains all of its steps well. The method is known but this shows you how to do it. This can't really be saturated but does require an investment. You will require good marketing skills and be over 18 to do this method.

Overall a good eBook for over 18's with time and money to invest.

Got a Vouch copy of this and it's a pretty detailed method, it's around 38 Pages and requires a LOT of work, you need to be 18+ in order to do it.

Vouch for this!

EagleScream - March 29, 2014, 8:08 am

I received a vouch copy.

Grammar 10/10

Easy to understand. You undersand what the seller says.

Method 8.5/10

Havent seen any similiar method here in HF. Im sure it will make ton of money if you dont give up using it.

Layout 8/10

Could been better but its easy to understand.

Overall 8.5/10

Really nice method to make ton of money. Youre not gonna get 10k/hour on autopilot. You have to work to make a ton. Not too much tho.

All vouch copies are now gone!! Prices are still \$10 off today only!!

Jucery - March 29, 2014, 3:34 pm

So I received the last vouch copy's and all i can say is just wow! This goes over every possible detail concerning the method and any problems you might encounter, it is a long detailed book. Spelling was certainly above average, and I have no doubt you can make a living on this if you are motivated enough. All of you who want to make money need to understand, a "method" doesn't guarantee success. While this can certainly make you money, it really depends on how much work your willing to put in. There will be two types of people who buy this book, the "lazy" group and the "hard workers" group, without a doubt the "hard workers" will defiantly see profit.

Overall Score 9/10

(Mar 17, 2014 08:22 PM)iDuL Wrote: [\[CITE\]](#) This eBook was created in 2012 and has been revised & edited over time by OP himself. It includes 9 chapters of packed information.

Given the ease of the method, how in-depth it goes, and how much effort OP has put into this over the past one & a half years I would have to say is quite remarkable.

I'd give this method a 9/10, a point off being that you could include some more pictures here. That's what would give this a solid 10.
