Thread: [Bing Rewards First Redeemed Gift Card! \[EASY\] \[FAST\] \[TRUSTED\]](#)

Hello Guys!

So i started doing Bing Rewards about 20 days ago.
I searched 30 / daily and click to new ads , and i got about 20 credit daily.

After i got Silver Promotion i got 50 credits for free .
I choosed an Xbox Microsoft Point for goal , and i needed to gain 375 credit to get it .

Yesterday i reached the credit and click to redeem the Gift Card , after about 3 hours i got a new mail @ gmail with the serial code .

I redeemed it on Xbox Live and now i have 3\$ on my account so i can buy DLC's .

I think its really worth to use Bing Rewards because its faster then any other point to Gift site .

Now i need to get 2 referrals to get more 2 gift card and i can buy my First Xbox game (Red Dead Redemption).

on this week is price dropped by 75% so i have only 5 days to get it.

Please if you have time and wants to earn some Money to amazon or some gift card or anything , register under me and i'll help you how to get credits.

Thanks alot and thanks for the help if anyone able to do this for me.

Have a nice day guys !

Just a tip bro: Rules (5. No Referral Links. Any referral links must be in the Referrals Forum.)
