I haven't ever used Bitcoin to be honest. And would much rather just use Square. It's a simple signup (just email and you're done) and works fine for what I need. I realize that the best thing here would be PayPal but they've strictly banned it.

Also, I'm not sure if there's some sort of food that smells like pussy but given the closest thing people have gotten to joking about is tuna I think I can safely say that people will be able to recognize that the panties they receive have been worn by my girlfriend, luls.

Unfortunately, I don't take advice. I go where the money is and where I'm happy. I'm happy with her and she's perfectly fine with the trade. We've gone over this for a few days now. I'm actually an excellent individual who's in a bad spot. No one other than fast food is hiring and I tried that for 2 years. It's especially miserable for me. Most people can find it okay "eh work is work" but I just can't do it. That's morally degrading to me because I'm serving shit food to people who deserve better. I can't talk to them and I'm being paid nothing for my time. I've been putting my time in elsewhere for more than I could normally make there but now that's not working out so hot. I recognize that this is ultimately a fault of my own doing but most people would understand if one told them that they hated factory life in China and wouldn't do it. This is how I view the fast food industry.

Yes. If you'd like to phrase it that way. I really don't see this as poorly as everyone else does. It's very different from selling her for sex or whatever.

Also, I take critique. I get it, most people don't find this trade to be in the ballpark of okay things. But advice isn't critique. It's "if I were you I'd" but you're not me. That's where the communication breaks down.

We've gone over this for a few days now. I'm actually an excellent individual who's in a bad spot. No one other than fast food is hiring and I tried that for 2 years. It's especially miserable for me. Most people can find it okay "eh work is work" but I just can't do it. That's morally degrading to me because I'm serving shit food to people who deserve better. I can't talk to them and I'm being paid nothing for my time. I've been putting my time in elsewhere for more than I could normally make there but now that's not working out so hot. I recognize that this is ultimately a fault of my own doing but most

people would understand if one told them that they hated factory life in China and wouldn't do it. This is how I view the fast food industry.

Not yet. Plenty of people have been really interested but either

1. Wanted something we couldn't provide (ie menstrual fluids as she's on birth control)
2. Are wanting pictures

But that's fine by me. I know I'll get a few people who are interested in what's actually being sold here. I accept that because of the nature of this thread it's attractive for troll posts and whatnot. ;3

Lol sorry this is just so weird to me, but I have heard of people buying this. Seen this posted on craigslist but you would have to be careful meeting up with those weirdos. Anyways good luck buddy.

How many sales so far? lol. I don't know what to say to this thread except you do not see threads like these every day. Maybe you might catch a few unique individuals who might buy from you if you had some pictures of her the face. You can even be blur out her face and have your HF name and date being held or written somewhere because proof speaks louder then words anytime.

// You could tell who might be purchasing by the fast request of a vouch copy lol

Im a member of the panty sniffing weirdo comission so i can vouch this is indeed a great set of panties.

HUGE vouch for my bro maniactaylor, here is a little review of the panties.

So i bought a pair of dirty panties from him and just within a week! i heard a knock on the door and as i knew that my dirty worn panties were the only thing coming in the mail i ran like a little kid to the front door and opened where the postman held a small box in hand for me, he asked me if i was ##### and i said yes, then i signed the paper and got the box, as i walked slowly into my room i felt my heart pounding, it was pounding so hard in my chest that i thought i would choke on my way to the living room, this was it... the big day i had been waiting for, the day the panties arrived, the day i would become a MAN!, so as i opened up the package i could smell a weird scent coming from the box so i opened it even faster and when i finally got through ripping the tape off and basicly just ripping the box in pieces and got a hold of my juicy worn dirty panties, i grabbed them like the sick fuck i am and checked them for any pussy juices and all i could see were tiretracks of SHIT in the panties, but non the less i fapped 89 times and then my mom came home finding me lying on the floor cuddling with the pair of panties that i had purchased from maniac, but that did not stop me no, no, me and the panties should be together forever, i ordered a nice table for us at the pizzeria de rizzo, and we went there together and then i got picked up by some stranger in a dark alley who said he would give me and my panties a ride home, suddenly i realized that he was going to wrong way and i said to him : Hey i think you are going the wrong way, my house is that way, and then he looked at me with this weird face, like he was happy about something but still mad... a kinda twisted face, anyways then i went on to my phone and started typing (im typing on it right now) and he is asking me now where i am typing or calling, WTF!!! now he is raising his voice telling me to give the pho

Too late I already bought all his boxers...

Dum De Dum - March 26, 2014, 12:14 am

hey, do you give discounts if we buy them in bulk,

Kamui - March 26, 2014, 12:30 am

Sounds like a Craigslist Ad, but GLWS haha not even sure if serious tbh, because if you are Craigslist would be #1 source of customers.

'Snorlax - March 26, 2014, 12:45 am

Vouch for OP. Bought 2 pairs and they were still wet on arrival.

Many vouches for dirty underwear. One of them smelled like dick though. Only a fool would believe I bought these

Visualize - March 26, 2014, 12:54 am

Lol this is so great. You would be suprised about the market for these.

OP go to reddit or craigslist to get more buyers because you can get a lot of targeted traffic there.

GOD DAMMIT! I've been posting here for the longest time trying to see if his underwear was available.

fffff

You might actually want to get a job instead of selling drugs.

I knew this would probably happen (jk). You should open a report in the disputes section. If you wanted that you could buy them yourself. ???

Seems like OP is poor as fuck, probz around 15 years old and doing anything for money.

\$1 a month max?

Not from your dirty underwear but from people that feel sorry for you and donate a dollar.

OP also seems to be an attention whore

Quote:Yep. I've hit a new low this month. Options essentially came down to

A. Start selling drugs.

B. Ask my gf to assist me in selling her dirty underwear online.

She agreed to the latter after sitting on the fence about it (she was okay with it but the nuances of the trade weren't for her) up until I negotiated a little with her in regard to what would be needed from her.

So by buying from me you're keeping the two of us out of prison for selling drugs! :D

Lord Flacko - March 26, 2014, 7:47 am

Ill pay you \$50 if
she does it in pregnancy pants
and you jizz in a cock sock.

Thanks.

So if I order 365 pairs, it would take 1 entire year for them all to arrive at my door ??

No thanks

Yeah man if I am going to buy a load of used panties I want a constant stream, maybe one a day so I can always blow my load in a new one. Waiting a year to cum just sounds painful.

Closed because non-ops were faggots.

:3

And because as soon as I finished the main post I realized how stupid this was and decided against it. xD But the replies were too good so I waited to close it.
