Thread: [Fleshlights - \\$15 BTC NEW](#)

Torrida - March 25, 2014, 6:09 pm

EDIT: OUT OF STOCK

I am able to order any fleshlight off <http://fleshlight.com>. I will go first for any trusted member as long as they have no reputation for scamming. I will order it, and send you your order ID. You can check your order ID on the fleshlight website. Once it's shipped it'll give you a tracking number. From there you can track it. I can only do this if you live in the US. Once you receive the order ID I expect the payment. If a product is damaged or deformed contact me, and I'll have Fleshlight ship you brand new one. If you want to buy all you need to do is to go to the fleshlight website, pick the one you want, PM me it, and I'll PM your order ID. The price is not flexible as I'm making the lowest amount of money possible. Sorry for the ugly shitty thread lol. Thanks.

Also:

- No they are not ordered fraudently.
- Use <http://www.preev.com> to convert \$15 USD to BTC.
