Thread: [\[ALL MEMBERS\] free @FBI.al email adresses \[LIVE.COM\]](#)

Legion - March 30, 2014, 4:33 pm

Hey guys.

The emails are hosted by live.com (Microsoft) and you log in the same way you would with an @Hotmail - but it says on the registration page that the ending domain (@fbi.al) is hosted by another person who can end the project at any time.

https://signup.live.com/signup.aspx?prod=domains&mkt=en-ca&ru=https%3A%2F%2Flogin.live.com%2Flogin.srf%3Fid%3D2%26ru%3Dhttps%253A%252F%25E2%80%8B252Fmail.live.com%252Fcgi-bin%252Fsbox%253Fnewuser%253Dyes&rx=https://domains.live.com&domain=fbi.al&brid=&ts=6821773&sh=TjlZhShW8SOsMdu3gppyDfr5kcRRONAA5pCEj3IY!6SXS*KgYtXPc3nl2qW4FWslHxNhCWVdV%E2%80%8BfiAilHu4ThMeQ--&lic=1&id=66055

Please post on the thread & keep this alive for all to see, thanks!

Well, if you search around, it has been up now for over a year!

Thanks OP, just registered _1@fbi.al and _2@fbi.al, I thought them names looked good, thanks in advance! Do you think any of these @Fbi.al names will be sellable in the future? Thanks anyways!

I doubt it - due to the fact that the owner of the @FBI.AL can stop the project at any time - unless you want to spend money on something that can get shut down at any time!

Aurora - March 31, 2014, 2:17 pm

Legion - March 31, 2014, 2:40 pm

enjoy guys!!!

I think these would be amazing for those who SE - it's a believable email address

Hope you all have hours of fun trolling people with these email addresses - I'd love to hear of the trolls you do with them

Since this is a forum about hacking I'll write this - if you got your hands onto an emailing database and know how to do a mail-merge then you can get a serious amount of people infected!!

All the best!!

I done a search for "@fbi.al email" and nothing came up?

it's nice to see that you recognise that I'm trying to contribute to HF.

and also, I'd grab an email now, you should be able to get some [semi] OG's.

Best of luck!
