Thread: [My friend added my other friend on facebook,,, should I feel this way?](#)

Pillsbury Doughboy - March 30, 2014, 5:44 pm

So about two weeks ago, a friend of mine on facebook, added this other friend who ive known for years. Out of no where. He claimed that he added him by mistake and didn't know how to cancel it. But he did know. He just added him because he was into him.

Now I don't know about you, but wouldn't you feel weird if a friend of yours added another friend from your list? I find it rude. Don't know if its just me. Am I being selfish?

This dude is now commenting on my friends photos saying hes good looking etc.

Would this annoy you? Its annoying that my friend has a bf already and hes hitting on my other friend.

khaleesi - March 30, 2014, 5:45 pm

Both of your friends are homosexual, or just one?

Mopex - March 30, 2014, 5:46 pm

Lol. Wtaf.

Let him be if it satisfies him.

VRUMM - March 30, 2014, 5:48 pm

Is this a network of gay friends? I assume that your friends are gay.

Almighty Sosa™ - March 30, 2014, 5:48 pm

I don't think it's weird. Maybe he's just trying to find facebook friends.

Well done captain obvious.

You should be a detective.

Condoms - March 30, 2014, 5:54 pm

This is common. No hard feelings towards anyone.

Harbo5 - March 30, 2014, 5:58 pm

Who cares? I don't see why this is a problem. I don't think this is out of the ordinary, nothing to worry about.

halalaboOs - March 30, 2014, 6:01 pm

Yes, this is tricky. Good thing my expertise in the movement of tectonic plates, I can assist you on this pickle.

SOMETHING TELLS ME, OP, THAT YOU HAVE FEELINGS FOR YOUR OLD FRIEND. The fact that you came to the conclusion that his story was a lie and that you think he added him because you think he thought he was cute tells me this.

If you DON'T have feelings for him, then this wouldn't have ever crossed your mind.

~Jay~ - March 30, 2014, 6:03 pm

You're kind of jumping to conclusions here aren't you?

Smh he commented on a photo telling him he is. He flirts around a lot. you dont just add people by mistake and not know how to cancel.

Regardless, if you are bothered by him adding your other friend, then you must have some sort of feelings for him. That would be why maaan

I've debated it. I don't have feelings for him. I am kind of like this with all my friends. It feels weird for someone to just add your friend like that.

OFWGWKTA - March 30, 2014, 6:22 pm

I really don't understand why you care? Are they of the homosexual orientation or something?

Just forget about it in my opinion.

Well, that's great I guess..

Dragnite - March 30, 2014, 6:34 pm

Just leave them be, let your friends be happy and do what they want, it's none of your business if one of your friends adds one of your friends and starts talking to them until one of them either tells you about it, complains to you about it or says something and you honestly feel the need to step it and do something, but until then sit down, shut up and let your friends be.

J???? - March 30, 2014, 6:54 pm

There's nothing really that you can do about it. I would not worry about it to be honest, he's not your "bf."

Grand12 - March 30, 2014, 6:55 pm

It's just Facebook man, just like what everyone's been telling you. It won't kill you to let them be friends. Are you lonely or something and scared that they'll become good friends and you'll never talk to them again?

It's either you want one of the two, or you just don't want to lose a friend.

Hollywood Undead - March 30, 2014, 7:35 pm

OP he wants your friends dick not yours.

lol its depressing that people like you take their hatred out on everyone. Keep your emotions to your self stupid kid.

Not to be an ass but your being pretty childish. Let them do them bro, It's Facebook, it's made for forming/mending new/old connections. Don't get mad that they are using them.

Tbh, I came on here to ask everyone for an opinion.

I felt upset because a friend of mine randomly added another friend of mine who he doesn't know at all, and is trying to hit on him when hes in a relationship. It makes me uncomfortable that hes doing that.

All I did on here is ask everyone for their opinion. I want to know if anyone else would be feel this

way or if its just me. I did not ask for half of the people on here to go ahead and be a douchebag. If someone is going to answer my thread, do it without calling me out, or calling me names. I just want an opinion on something. Thats all, nothing more. Theres NO reason for half the people on here to be a dick about it.

Pretty much sums it up. Its a SOCIAL NETWORK, for people to meet and become friends. Easy up on him, his just trying to make new friends.

You're the one posting a thread about how butthurt you are that one of your facebook friends added another one. You think you own your friends and they can't talk to anyone else? You're a schizo son.

Lol I asked an opinion to normal people. Not people that take words I throw at them and use it against me to try to annoy me. You fail at life.
