And with too many duplicated videos you mean 4-5 videos I guess? I'm giving out this package for free so what do you expect? That all videos and images are correctly sorted?

Real Muthaphukkin G - April 12, 2014, 2:40 pm

giving sth out for free doesn't mean it should be like shit !! either you write that or you say that you just renamed some of the videos to duplicate'm ... plus i didn't check the pics, not worthy either ?

StrifeCloud - April 12, 2014, 6:29 pm

Would like the password for this, send me a PM please.

So just becouse 4-5 videos was duplicated it means that these package are shit? I didnt know that a few files was "duplicated", i just moved all files i had on the same girl into one file so i could upload it and share it here.

If you cant handel a package with a few duplicated pictures and videos then you should not download anything here, I got plenty of other packages i've downloaded here that got duplicated pictures, but im not like you and trashing their thread with it.

xgillusion - April 13, 2014, 12:44 am
