Thread: [Cod3rs.org - Free @cod3rs.org emails](#)

Sapientia - April 3, 2014, 3:05 pm

I bought the domain, and coded this website so that the coders of the forum could get a free email @cod3rs.org. It's free, so I don't care if you don't like the domain or anything.. get over it. If you would like an email just click the link below!

Cheers :D <http://cod3rs.org/>

Requested a email :)

@cod3rs.org looks cool :)

thanks

I will activate them when I get home.

Also, that means the email could be taken.
