Quality: 8/10

This isn't a 'pretty' E-Book, no pictures ?. What it lacks in quality, it makes up for in Originality.

Originality: 11/10

First time I've given over a 10 for an E-Book as I have never seen these methods before, and will make you A LOT of money. Investment could be used, but not needed.

Ease of use: 9/10

At one point I didn't understand what the author was talking about until I reread it a couple times. Other than that, quite easy to follow.

Layout: 10/10

Everything is separate and no eye-strains.

Grammar: 10/10

Very understandable and written with little to no errors (I'm tired so I wasn't too looking on spelling)

Overall: 10/10

I guarantee you will make money from this. Buy it. Get money, and fuck bitches. You will make a profit if you invest, or don't. Amazing method.

Grammar ?????

Grammar is good throughout the eBook; just a few missed apostrophes.

Originality ????

Although just by searching around HF there is mention of the website used for this method, this eBook provides a whole new twist that can easily earn money.

Ease Of Use ????

The eBook provides step-by-step instructions that are relatively easy to follow.

Organization ????

The layout is simple. Black text on white background. It could use some pictures to help clear up the process.

Overall ????

This eBook is one of the most original eBooks I have read in a while. It is simple enough to implement, while also having the potential to make a lot of money. I recommend to buy this while it's cheap! There is no doubt you'll be able to make money off of this!

My honest review on this eBook, not his friend, never have talked to this guy before ?

Quality: 8/10

It has very great information explained in great detail, could use a bit more clarification on some of the methods discussed.

Originality: 9/10

I have personally seen similar methods, but this method has a twist on it which will guarantee you more success over other ebooks.

Ease of use: 9/10

I got a bit confused while reading it, but as I read over it a couple times. I started to realize exactly what to do, and it is very easy to follow. Any one looking to start making money online will find extreme ease of use with this eBook.

Layout: 10/10

Just perfect, what I look for in every eBook.

Grammar: 9/10

Not any errors I noticed. Some people may have a bit of trouble reading it.

Overall: 9/10

Overall I recommend this to anyone and everyone. You will make great profits and you will not regret your purchase. If you want to make more you will need to invest but you need to invest money to make money ;)

Good luck to all buyers, and I HIGHLY recommend you buy this eBook.

Quality: 8/10

There is only easy to read text. I suggest you implement pictures for a better understanding and read.

Originality: 10/10

I have not seen these ideas crafted into this eBook. It is simply amazing how this could generate you income.

Ease of Use: 9/10

There were some parts in the eBook that I did not understand, but the grammar is excellent and I found no mistakes. The eBook provides simple, newbie-friendly instructions that are easy to understand.

Overall: 8.5/10

Honestly in my opinion, this will easily make your cash back. It is so easy to learn that even my 70 year old grandma could use it. A big vouch for byPanda for letting me review his eBook!

This method also contains a bonus method that basically sums up an ebook that was selling like crazy previously on HackForums (not a copy, just knowledge P?NDA came across on his own from my understanding).
