Would this work for my PPD website? I need it ranked #1 ASAP, but I can't make videos so I just do websites. If you could do a custom package or something to get my website ranked #1, I'd be willing to pay for that :)

If you want to rank any videos then let me know. I can do that. But for websites we only make backlinks and index them but can't give you guarantee for websites.

How Google safe are your backlinks?

S????S??? - May 10, 2014, 12:40 am

Mate all backlinks services are black hat. If you want white hat backlinks then you have to do it manually. This is gsa backlinks service.

Mr. Green - June 3, 2014, 5:52 am

If i provide a link to lets say a website, will you be able to boost its rank on google?

If paid of course.
