Thread: [\[Port Forward\] Newbie? Struggling? Check it out.](#)

Jinu - April 5, 2014, 10:29 am

Are you a newbie and struggling for port forward, this may be a sweet pill for you. The following site provides a software that will automatically port forward for you. You can download the software from here.

Spoiler [\(Click to View\)](#)<http://www.simpleportforwarding.com>

You can see more details from the official site. It'll be very helpful.

Note: If you already know about this, please ignore sorry.

I have the username and password.

Can you help me portforward via tv?

I'm in mobile. Once I get back my PC, will PM you.

hilda89 - June 3, 2014, 12:31 pm

Nice tutorial, Thanks for the torrent method:)

jambogini - January 7, 2015, 8:03 pm

i use my android phone to connect my laptop via hotspot, because we dont use router here. Please how do i portforward this since most times i use hotspot or usb tethering on my android phone

If your router is bridged with another one then you must port forward on both routers.

SGUdyr - June 30, 2015, 9:12 am

Can't get it to work. Done everything, still the same.

Business - June 30, 2015, 9:20 am

If anyone needs port forwarding help, contact me.

Jinu - June 30, 2015, 9:56 am
