I was going to mine at launch, but didn't wake up in time and was a few hours late. Managed to mine around 6.5 with my 250 kh/s machine, lol.

Shoppa - April 5, 2014, 8:27 pm

I have 5, no idea how to make them yourself

EvanLB7 - April 5, 2014, 8:30 pm

I have 200. I have 2k on the other pool. But I lost it all due to the terrible server on the first hour.

Ruzka - April 5, 2014, 8:30 pm

I have around 400. Difficulty is so high but I should have around 400 more by this time tomorrow lol.

Suffixed - April 5, 2014, 8:52 pm

At the moment, I have 5.20 OMC; thanks to OmniCoin donators.

Dr.Cooper - April 5, 2014, 8:56 pm

I have got 3K in my wallet. :) Holding it. It's so difficult to mine at this rate.

EziNet - April 5, 2014, 10:17 pm

I'm Rich already.

Wallet Balance: 8.0087 OMC

topLevel - April 5, 2014, 10:22 pm

Been mining since 2 hours after launch with my laptop :P

Fizure - April 5, 2014, 10:24 pm

guess only a few have more than 1000 coins that means most of the peoplke have 100 below which it means the price gonne star dropping since only the services providers gonna have them and people wont want to go from PP>BTC>OMC too much hustle...

Cryptography - April 5, 2014, 10:24 pm

I currently have 1215 OMC at the moment.

milkywaythegodfather - April 5, 2014, 10:28 pm

OMC v2 is going for \$1-1 rates, try making some money off of them.

h4h - April 6, 2014, 1:52 am

0, I spent about 3 hours trying to get it work as the difficulty began to increase, I began to lose hope. Once again, I lose my chance at making some money of crypto currency.

I am not questioning your credibility, just saying.

Subayaku Kokoro - April 6, 2014, 2:22 am

Yeah lol, \$100 for 1k is pretty cheap atm considering my rates and the difficulty. GLWS

emkayyy - April 6, 2014, 5:43 am

Was one of the very first to begin solo mining with my 250 khs. Now I'm holding around 3,6k OMC.

Cartguy - April 6, 2014, 4:31 pm

I have like 3.19

I've been mining for over 24 hours.

Graphics Card sucks for mining lol.

Zettabit - April 6, 2014, 4:33 pm

I've got 72.00497857. I purchased 70 worth, so 2.00497857 was made during mining (past couple of days with like a max of 80 Kh/s). I've got 1.5 or so unconfirmed in my balance on OmniPool.

Soccer - April 6, 2014, 7:07 pm

Cletus Kasady - April 6, 2014, 7:14 pm

I have 2 OMC my miner never seems to work :-(

Zonol - April 6, 2014, 7:15 pm

I have 0, how can I 'mine' omni coins?

Aceman - April 6, 2014, 7:16 pm

I only have 2. I wish I could get more but because of the massive hash rate I don't stand a chance.

Tenaxium - April 6, 2014, 7:20 pm

I have 2 OMC, how very exciting, lol.

Ruzka - April 6, 2014, 7:22 pm

I should have a good 900-1000 by the time I wake up tomorrow.
