OMC Shop

Stock: 486 edit: 0, buying stock right now.

Okay, so I have 486 OMC right now and I'm ready to sell them, I'm selling at a rate of \$1:8 coins and accepting offers for buying. I'm looking for quick deals from buyers, it's a good investment at the moment as the difficulty is skyrocketing due to miners. I only accept PayPal, PM me if you're interested in this format:

\$1 Every 8 coins? That's ridiculous.
