If you are offering money, this needs to be posted in the Marketplace.  
I can assist you.

I always tell everyone Cain & Abel is bad.  
Use Commview or LANC.

Cain & Abel gives me the itches.. Literally...

Like Hunter said, use Commview or LANC. Easier to setup & use >\_<

You're offering money for a service/product to be done/purchased, this should take place in the Marketplace section.
