1\$ for 8 OMC, I thought that someone else offered 20 for 1\$.. Could be me though

reama - April 7, 2014, 4:01 am

Well the usual price range for OMC atm is \$1 for 9 OMC, so it's not a bad deal. GDL

\$1 / 20 OMC was just a suggestion by a member, it was never an official price.

I think this rate is pretty acceptable.

GLWE Lodestar.

Thanks bro.

I would recommend that people start buying now because the price is going to increase in a short time.

Prices have changed dramatically since then, due to difficulty and the omni award possibly coming out.
