Thread: [Badass Protagonist List](#)

Elweth - April 10, 2014, 12:05 pm

I like anime that has a badass protagonist, so I thought why not make a list of them, and perhaps have HF members to help add on the list? Perhaps I will find some anime that has this specific element that I like that I haven't watched.

Badass as in those protagonist that are rather intelligent, and are usually very cool and powerful.

Quote:-Code Geass : Lelouch (Simply smart, messes with the world)

-Kuroshitsuji : Sebastian (OP Demon that doesn't lose)

-Hellsing : Alucard (OP Vampire that doesn't lose)

-Death Note : Light Yagami (Simply smart, messes with the world)

-Sword Art Online : Kirito (Can Solo bosses and players)

-Mahouka Koukou no Rettousei : Shiba Tatsuya (Seems to be very good at fighting, and smart too)

-No Game No Life : Sora (God of games, seeks power)

-Log Horizon : Shiroe (Very good strategist, very smart)

-Hunter x Hunter : Killua (Very OP, cool assassinations moves and nen abilities)

-One Outs : Tokuchi (Doesn't lose at all in gambling, very smart)

-Darker Than Black : Hei (Plays a student, hides his identity as some assassin)

-The World God Only Knows : Keima (Master in chasing girls, playing games. Doesn't listen in class and still scores 100%)

Please do contribute to this list, with <anime> <main character name> <reason>. Thank you! xD

Good list!

-Bleach : Ichigo Kurosaki (Death God & Demon Powers)

trabbie - April 10, 2014, 12:58 pm

Oga Tatsumi from beelzebub is badass in person

Manny - April 10, 2014, 12:59 pm

Totally agree with the whole list you got there.

SIM-2236215 - April 10, 2014, 5:56 pm

Hunter x hunter : Kuroro Lucifuru (smart, individualistic & magnetic; also boss of the ghost squad) he's not the #1 protagoniste but he's such a badass

Black Hole - April 10, 2014, 11:21 pm

Should probably add Sora from No Game, No Life to the list. Even though the anime just started airing, the dude already sends shivers down my spine.

I've read volume one of the light novel, and I can tell you that he is actually badass.

It'll be perfectly shown when they're playing the big chess game. (It's pretty much the end climax of the first volume, so it might take a few episodes until the anime reaches that point. I'd guess around episode 6 or something.)

Aomine Daiki - Kuroko No Basuke (Basketball prodigy, total badass)

neightworks - April 12, 2014, 10:21 am

Has no one said Mikasa yet? I hated aot but she was still a badass..

Rakshasa - April 12, 2014, 10:28 am

So many trademark badass characters missing it almost hurts ;-;

Personally wouldn't count Keima or Shiroe. Neither really warrant a "badass" title, but that's just my opinion. Anyway;

Spike - Cowboy Bebop

Guts - Berserk

Kamina - Gurren Lagann

Shiki - Kara no Kyoukai

Motoko/Batou - Ghost in the Shell

Asuka - Evangelion

Kiritsugu - Fate/Zero

Balalaika - Black Lagoon (so as not to list every major Black Lagoon character. She's undeniably the most badass)

Vino - Baccano

Kino - Kino's Journey

Accelerator - Index

Izaya - Durarara

Utena - Revolutionary Girl Utena

Johan Liebert - Monster

Makishima Shougo - Psycho Pass

Mugen - Samurai Shampoo

Nanami Yasuri - Katanagatari

And probably even more, too lazy to dig further. I can provide reasons if needed, but most of these honestly shouldn't even need one.

Happeh - April 12, 2014, 10:36 am

Spike is probably the most badass and coolest.

How could I forget Inferno Cop? Make damn sure he gets on that list OP.

System32.dll - April 14, 2014, 4:48 pm

I like this thread. I think more and more people should post and op should update the list because i've watched 2 of the anime series based on what people said about it. I like this idea.

I second the vote for Spike Spiegel, he is frickin awesome. Also, Mugen and Jin of Samurai champloo are pretty badass... Lupin III (though he's goofy) and Jigen Daisuke are cool. Major from Ghost in the Shell is awesome. There's too many to name tbh.

zomgasd - April 20, 2014, 1:27 pm

How about Hiei from Yu Yu Hakusho, he was a fucking badass.

Sorry, but walking streetpoles don't qualify for protagonists. Even less, badass.

Btw, I love how OP meant to make this thread a contributable list. Hasn't updated it once.

Assassins Creed - May 16, 2014, 10:31 am

I would say every MC from Shonen anime is a badass cause they always manage to overpower every-fuckin-one(with a few exceptions ofc, but they always get to their goal).

One Piece // Luffy // He can 1-hit KO a giant pirate and domesticate wild animals(like Kraken), also, he can use the emperor haki which is just fuckin badass.

Nevieth - May 16, 2014, 12:56 pm

I love the list, most if not all of the protagonists I thought would be on the list are.
