So this isn't a method to get a free pizza correct?

**Obli** - April 11, 2014, 11:23 pm

Oh, man, if I had OMCs to waste, I'd definitely buy this. Best of luck with sales.

No vouch copies but you're selling a method that doesn't even get you a free pizza for \$40?

You can send a vouch copy to somebody sensible and we'll see from there. Otherwise I'd rather buy 2 whole pizzas than throw \$40 on a method that is both sketchy and seems partially unreliable.

Did you try and read the damned thread? I doubt \$10 would be worth this eBook, just like any other eBook out there looolloolofdsfsdfsdfsdf

I dont care for the money, I prefer to have OMC, if you look at the price ratio then youll see the bargain.
