Also looking forward to the juicy mechs and a few slice of life shows. What are you guys looking forward to? The full list can be found in the link below, credit to atxpieces for the nice chart.

God dammit and spring season just started.

Right now I'm interested in like Ano Natsu, Fate/Kaleid liner, SAO 2 and probs Kanatai Collection.

Although knowing myself, I'll probably end up watching like more than half of what's airing.

Pillows - April 15, 2014, 8:56 pm

Oh my gosh how did I not see the new Ano Natsu de Matteru project! Thank you, I'm also really

looking forward to it since I liked the original series so much.

They all look great, can't wait for them :P

Jeff Winger - April 15, 2014, 10:57 pm

Really looking forward to Zankyou no Terror. Might become on my top 10 anime.

Black Hole - April 16, 2014, 2:33 am

Two BL anime this season, is this gonna be the next big thing!?

Also, Kantai Collection, ye. Tokyo Ghoul and Terror look pretty sweet. Tokyo ESP might be cool too. Aldnoah.zero has a sweet preview image.

celineshh - April 16, 2014, 3:36 am

Finally, Sword Art Online SE2 will be releaseeed. I wonder when that happens though, lol

Sutorimu - April 16, 2014, 4:54 am

Zankyou no Terror seems good, and i hope Tokyo Ghoul will be as good/better than the manga :3
Though i dunno if i'll bother watch the anime after reading the manga ?

Dragon. - April 16, 2014, 4:55 am

Definitely looking forward to Sword Art Online II.

The other titles look pretty interesting too :D

Tasemu - April 16, 2014, 5:40 am

OMGOMGOMGOMG Tokyo Goul! Fuck yes i loved the manga!

anything_a - April 16, 2014, 6:50 am

Sword art online 2 :P

also zankyou no terror looks pretty cool.

Rakshasa - April 16, 2014, 8:20 am

A few interesting ones this time.

Starting off with sequels, we have Free 2 and Space dandy 2. Haven't finished the first season of Space Dandy, but what I've seen of it hasn't really disappointed me.

Re-run of Psycho Pass with new footage. Fuck yes.

Tokyo Ghoul I'm a little sceptical of. I really liked the manga, but I just think it'll be hard to replicate the atmosphere and suspense of it in animation. I thought the black-and-white color scheme did a lot for it in that aspect, especially when it came to the crudely drawn eyes and kagune-thingies. Plus it's being done by Pierrot, who haven't particularly impressed me yet animation-wise, so I'm not expecting too much.

Sanzoku no Musume Ronja will be Ghibli's first ever anime series, so I'm really looking forward to that. Haven't seen any of the previous work of Miyazaki's son, so it's even more exciting to see.

Aldnoah.Zero I'm expecting great things from, if only because of Gen Urobuchi. Never seen A-1 do mech before, but they can do great things if they want to so I'm not too dubious about the execution.

The Kantai Collection anime seems interesting, but in all honesty I'm expecting it to be a huge fanservice fest to cater to the hordes of otaku virgins.

Zankyou no Terror is probably what I'm looking forward to the most this summer. A psychological thriller directed by Shinichiro Watanabe with music by Yoko Kanno? Yes please.

Rail Wars and Tokyo ESP both have an interesting premise, but I'm not expecting anything from them just yet. Nothing has been released about the production of either of them. No studio, director, series compositor, music, no nothing. If it was some top class production team, you'd normally think they'd be promoting that shit about now.

And SWORD ART ONLINE II. How could I forget the almighty sequel to the holy grail of anime, Sword Art Online?

Avoiding this like the plague.

Thats true, since its a dark setting and its black and white so it fits. I already didnt like the way they did the ghouls eyes red only..

Hah, I was about to post a comparison myself.

The gritty, crudely-drawn eyes in the manga are, in my opinion, a vital aspect to the primitive, predator-like impression of the ghouls themselves. The colored version throws all that out the

window.

Then again, there is no real feasible way to correctly adapt the eyes themselves, and the same goes for the kagune. I just don't think Tokyo Ghoul is a very adaptable manga to begin with.

Anyway, it's probably going to be a decent show, but it definitely won't come close to the manga.

Ormr - April 16, 2014, 10:01 am

I've read all 12 novels of Seirei Tsukai no Blade Dance, and I can say that it's a rather swell series. Only thing that I'm not that glad about is the fact that it's a harem. (The ecchi is tolerable, and he actually picks a girl in the end. And it's the right god damn girl he picks.)

The gungale online arc for SAO is also pretty decent, nothing that amazing, and the blue haired girl (Can't remember names for shit.) annoys the shit out of me. (She's just pathetic, but that's just my opinion.)

In my opinion, the best arc is the last one, Alicization. (However, the parts with Asuna in them just annoys the shit out of me.)

And that's about all I can say about the stuff I've read.

I'm kind of excited for Jinsei (I really like the art style for the preview ad thingie.)
And I'm really excited for Himegoto, because I do love me some traps.

Galaxias - April 16, 2014, 10:05 am

Black Hole - April 16, 2014, 12:04 pm

I'm hearing all this hype for SAO 2 and all I can think is how much of a fool all of are you gonna like when season two blows just as much as the second arc of season one.

True the second arc was definitely not nearly as good as the first, but I don't think it blowed. That also may be due to how low my standards are i guess. I for one am looking forward to the second season but not really expecting greatness, just decent entertainment value.

Thanks so much for the hint ?. I might had missed it otherwise. The staff behind this show is awesome so I have very high expectations but I am definitely gonna watch this show too.

@ OP

I don't know any of this shows. But I like Samurai Champloo, Cowboy Bebop, Berserk, GitS, NGE, Attack on Titan, Ninja Scroll. Would you have any recommendations base on the summer anime chart for me? Thanks in advance.

Thank you! I personally don't see the hype for SAO2 after what happened the first time around.

I actually haven't seen Psycho-Pass, is it worth the watch before that remake comes out?

SWO is complete shit. I don't know how many times I have said this, but it's corny and pathetic. Especially Season 2.

Vamporno - April 16, 2014, 2:33 pm

I'm looking forward to Himegoto, Jinsei, Momokyun Sword, Seirei Tsukai no Blade Dance, and Seirei Tsukai no Blade Dance. Looks like the type of anime I love. Also, it looks soo Kawaii.

Not really that amazing of an arc.

SAO is over-hyped in general. ?
