Post the best anime Op's!!!

Nisemonogatari Op 3 - [Video: <https://www.youtube.com/watch?v=dJ4E8BXc6cA>]

Gladly - April 16, 2014, 10:12 pm

You should've just posted in the old thread, but since I know this one will probably stay on the first page, I'll share one of my favorites here. The Fate/Stay Night remake OP was better than the original.

Mr. Corleone - November 13, 2014, 9:14 am

There are so many good animes, I can only say that they are one of the best.

Death note can be the best, but so was Code geass for example and it kind of feels bad if

I say that Naruto is better than One piece or that One piece is better than Naruto for example, so

I just say 'one of the best':

- One piece

- Sakurasou no pet no kanojo

- Code geass

- Death note

- Steins gate

= Other anime's with weird ass names I can't remember.

????? ????? - November 13, 2014, 10:22 am

I haven't watched many anime's but my fav anime

Death Note (My first anime which i would never forget the best)

Code geass (Zero is my skype name :P)

Bleach (Bankai....)

Steins gate (Butterfly effect thing about the time flow shit)

Monster(it is kinda good but i haven't finshed seeing it yet bcoz it's like very slow moving)

if any one could suggest me an anime like death note , code geass , bleach etc., i would be happy to watch them .

I wouldn't go as far to say that it's my favorite anime, but I really did enjoy it. It's up there, somewhere. The OP, Lilium compliments the anime so well, and is a very memorable tune.
