Thread: [Some people are total fucking cunts.. \(Rant\)](#)

Vitani's Mate - April 16, 2014, 11:49 pm

Like seriously what the flying cunt? I went to the shops to get some stuff like coke, Monster and smokes. Where the entrance of the shops is there is a couple of disabled parking spots and there is an old lady in her car. I would say she is about 70 to 80 years old. So she was about to park until this car pulled right in front of her and then parked. This fat looking cunt got out and started walking casually to the shops, I stopped her and said that she has no right to park there and it is a disabled spot and she just looked at me and then started abusing me and then she fucking spat on me. Thats fucking right, SHE FUCKING SPAT ON ME. THAT FUCKING MUTT and then she fucking walked away. I REALLY wanted to run up to her and fly kick her in the back of the head. Like seriously.. I really wanted to but i don't abuse women, I was talking to the old lady and she said she has NEVER EVER seen anything like this happen. I am truly fucking mortified right now. This is why i fucking hate people with a fucking passion. I get this shit.. Like seriously. What the fuck is wrong with people these fucking days? If this is society for the rest of the years then count me fucking out. I'm done.. I'm fucking done.

tl;dr: I went to the shops. Saw a fat cunt park in a disabled spot which she cut off an old lady that was about to park there, got abused and spat on. In a fucking pissed of mood.

Ad?m - April 16, 2014, 11:52 pm

Should of bitch slapped her, she could of had a deadly disease and gave it to you.

Chvrches - April 16, 2014, 11:53 pm

*Most people are total fucking cunts..

I agree, the shit I've seen while I've been out shopping the past few days makes me physically ill. Yesterday, I had to help an elderly lady load a heavy box into her van after she asked some punkass trailer trash kid, who looked at her and walked away.

hyhyyhhrf3 - April 16, 2014, 11:54 pm

Aren't you homosexual? Throw down with that bitch.

I should of fucking punched the shit out of her but i don't.

Homesick - April 16, 2014, 11:55 pm

You should've keyed her car. She deserved it. I would've kicked her, or punched her. A real woman wouldn't behave like that.

Alot of people here act like fucking animals.

They should be caged and never fucking fed.

Brian Moser - April 16, 2014, 11:57 pm

I can't stand those kind of people. They are disgusting and should have never been born. Karma will come back to bite them in the ass.

PAFE - April 16, 2014, 11:59 pm

I would've keyed her car and let the air out of one of her tyres. What an absolute prick though, it's disgraceful that there's people in the world like this.

Yeah, honestly the first thing that came to my mind is keying her car. It's not the most rational of decisions but TBH if I were in your situation it would be the first one I went to. Woulda just keyed it right then and there. Maybe even threw a cinderblock through her window and just casually walked away. The only thing that would likely happen is the police would get a description of you.

Sniper - April 17, 2014, 12:02 am

I would have put small pebbles inside the valve caps on her tyres then screwed them back on so somewhere down the road all 4 tyres will eventually go flat give that bitch a good long walk to think about what she has done

Coobro - April 17, 2014, 12:07 am

Post video.

winwinwin

Anyway, whilst she's a complete moron for doing such a thing, you really don't know how her day has been or what's going on in her life. She could be having a rough day and just didnt see the old lady by chance, and when you questioned her it set her off - I don't know.

Or she's just pure evil.

Raz Riverblade - April 17, 2014, 2:04 am

Dopeman - April 17, 2014, 2:13 am

Even though its a woman, hit the bitch. No one says you have to break her bones. Just because you have a physical advantage being a man doesnt mean you shouldnt use it.

Blvck Scvle - April 17, 2014, 2:13 am

That's really fucked up, fat bitches be thinking they disabled with their "big bones". Nah, bitch you just fat as fuck from that McDonald's you eat every day.

Also, what does "abused" mean since I don't think you meant she beat the shit out of you.

You know Op, I actually respect people like yourself, you care for your elder's and their need's. I completely agree with what you did. Society is embarrassing lately. Nobody gives a fuck about pensioners anymore. I live in the UK. There's been a few stories about them getting assaulted and robbed all because they are old they appear weak and fragile. I'd of done the same thing in your situation.

I would have stopped that bitch and told her to move and show respect for the old age. It's a terrible shame how society have turned out to be so rude and distrespectful!

(Apr 17, 2014 07:09 AM)Valderino Wrote: [\[CITE\]](#) No, if he did that, Vitani's Mate would probably get a big fine for calling the police for no reason.

You see, this never happened. This whole thread, and about 90% of the other 'adventures' Vitani claims to have had is complete bullshit.

Hell, I don't know why he isn't banned or closed yet.

Let's count the circlejerks tapped on in this stories.

- 1) Antagonist is unattractive.
- 2) Antagonist harms someone who is vulnerable in a way that is immoral and illegal.
- 3) Protagonist maintains a calm attitude during conflict with the antagonist.
- 4) Protagonist is morally superior (doesn't hit women)

Now let's look at some of Vitani's other threads, like the one where he claimed to win \$32,000. When that was proven to be fake, what happened? Yup, just deleted the thread.

So he's smarter now. He realizes that if he had said in his story that he had called the police, that people would request proof in the coming days/week, since such cases are usually made public.

Now, repwhoring/circlejerking is unavoidable in almost all forums, but when the subforum rules clearly state 'No trolling', I believe these petty fake stories should be included in that.

Well believe what you want mate.

That is your opinion.. Not mine or other peoples.

I'm currently looking in my big book of fucks to give a fuck but i just cannot find a fuck to give. Sorry man. Wanna come back later?

BiosMyst - April 17, 2014, 7:20 am

Boohoo, they took her parking spot. In the old days they would just cut her head off with the sword or some shit.

Was it not nice? Yes. But was it worse couple centuries ago? Definitely yes. Do you need to keep saying "omfg I hate ALL PEOPLE?" over something so trivial? Fuck no. Grow the hell up, just because some fat bitch took up old lady's parking spot you don't have to hate on all of the humanity.

What exactly did she say to you just out of curiosity?

My guess: "Mind your own business you little shit head" Pthu! (spitting sound)

From her point of view: She is an old lady, she doesn't want a teenager giving her a telling off for parking in a disabled park.

Her frame of mind: How dare that little brat come at me.

You realize that the second she spit on you, you could have punched her in the face and said it was for self defense...

What? Legitimate defense only stands when your life is in real danger.

Dude spit is considered Aggravated Battery in most states.

You realize how dangerous that is? What if she had aids? Due to a litany of diseases, it is considered Assault in most states and was reason enough for her to go to jail. Don't let anyone tell you differently take a look into it if you don't believe me. A simple google search will show you I'm right.

I would have busted the window out of her car put it in neutral rolled it in to the middle of the parking lot let the older woman park then called a tow truck for an illegally parked abandoned vehicle. Then went and got ice cream

Uh no.

Take a look at this:

Quote:How in the world was this defendant able to receive 10 years in prison for spitting? First of all, spitting on someone is a battery which is defined as either harmful contact or contact of an insulting or provoking nature. In most cases, spitting on someone is in the insulting or provoking conduct category. Battery in Illinois is a Class A misdemeanor, punishable by up to 364 days in the county jail. When you spit on a police officer, however, that same act is now a Class 2 felony, punishable between 3 and 7 years in the Illinois Department of Corrections. So, how did he get 10 years when the maximum is 7? According to the news article, this defendant was sentenced as a Class X offender by virtue of having two prior convictions for Class 2 or greater (worse) felonies. On the third conviction of a Class 2, 1 or X felony, the sentence becomes a Class X sentence which is 6 to 30 years in prison.

Being a police or correctional officer is a tough job, and they should be protected, no doubt. They should not have to suffer from abuse. At the same time, the punishment ought to fit the crime. In this situation, 10 years is too harsh a sentence, regardless of the defendant's background. The problem is that the judge was completely in his right to give him the sentence because it was authorized by the law. Some may argue the judge was lenient for not giving the defendant 30 years in prison! When this case is heard on appeal, I would be very surprised if the sentence were to be reduced.

Get used to it mate... Society is dumbbed down to the point where people are almost like animals and live with instincts for survival. I have too given up and DO NOT communicate and bother with retards who spend their whole day and life playing games on their iPhones and Laptops.
