Thread: [\[CODECANYON\] Premium Paypal Manager](#)

Neat? - April 17, 2014, 12:01 pm

Premium Paypal Manager is a powerful and easy to use plug-in for WordPress that allows you to add Paypal items or donations to your WordPress powered website quick and easy.

This plug-in is ideal for anyone who has a manageable inventory count. You can quickly add a Paypal store to your website or accept multiple Paypal donations. You can create as many Paypal products or donations as you'd like and place them anywhere in your website using the self-generated shortcodes.

Let's say that I want to sell lists with netflix accounts, can this also be done? that it automaticly sends them an email with the list?

**~Jay~** - April 17, 2014, 12:04 pm

Sent a PM to you OP! Thanks in advance!
