First Imprssion

8/10

When I first opened the E-book I was met with a few, detailed pages that looked very nice.

Originality

10/10

I have never seen this method before.

Ease of use

8/10

This method requires a little setup, but when you're first up and running it's pretty much AutoPilot

Design

9/10

This is one sexy looking E-book. Bursting with colour and happiness!

Overall

9/10

This method requires abit setup, but when you're done setting everything up you're done. The setup will take around 20-30 minutes maximum. The ebook is short and easy to understand and read. It looks really nice too.

Erwin Approves!.

8/10

When I had downloaded the ebook and opened it, there was a few amount of pages which seemed to be a very nice surprise and with a clean layout.

Originality

9/10

I have honestly never in my life heard of this method before.

Ease Of Use

9/10

If you can't follow this method then I don't know what's up with you, This is a simple method to grasp and easy to follow but when on autopilot watch the money roll in

Design

8/10

This is so colourful stuff in the ebook, colour coded so easy to follow and separated via colour so you won't get confused.

Overall

9/10

This isn't a method that is saturated, never heard before but will take under 30 minutes to get setup, once that phase is done there are so many ways to take it from there to earn ALOT of money, its

simple but amazingly effective. The book it self is short and snappy (not one of those 20 pages of ebooks that end up saturated.).
