Hatsune Miku to Open for Lady Gaga

Many hardcore Hatsune Miku fans will be tossing and turning in bed tonight as Lady Gaga announced that Hatsune Miku will be opening for her. For many this is a good chance to see the popular Hatsune Miku live and I'm sure many will turn up just for her. Whether this is a clever marketing scheme or Lady Gaga is actually a vocaloid fan remains to be discussed, but either way this is a great push for both. Hatsune Miku will probably still be that 'weird thing from Japan' to many, but with this push she could really force her way into Western culture, similar to Psy, and make her mark!

Hatsune Miku will be present at the following shows: May 6 Atlanta, GA @ Philips Arena

May 8 Pittsburgh, PA @ Consol Energy Center

May 10 Uncasville, CT @ Mohegan Sun

May 12 Philadelphia, PA @ Wells Fargo Center

May 13 New York, NY @ Madison Square Garden

May 15 Washington DC @ Verizon Center

May 17 Detroit, MI @ Joe Louis Arena

May 18 Cleveland, OH @ Quicken Loans Arena

May 20 St. Paul, MN @ XCEL Energy Center

May 22 Winnipeg, MB @ MTS Centre

May 25 Calgary, AB @ Scotiabank Saddledome

May 26 Edmonton, AB @ Rexall Place

May 28 Seattle, WA @ Key Arena

May 30 Vancouver, BC @ Rogers Arena

June 2 San Diego, CA @ Viejas Arena

June 3 San Jose, CA @ SAP Center at San Jose

Snow Miku Design Contest

On the topic of Hatsune Miku and her powerful influence, a new contest has opened for the creative

type to design their very own Miku. The design has the potential to feature on thousands of figurines, Nendroids, plushes and more and is being sponsored by Good Smile Company and Piapro.

This years theme is "Plants (Grass, Flowers, and Trees) of Winter in Hokkaido" and will not only feature a costume design contest for Miku, but for her friend Yukine, too. The contest is already open and entries will be accepted until May 7th with winners announced on May 16th and will become the official Snow Miku 2015. If you feel you have what it takes, head over to Piapro's site [here](#) and get sketching!

Game Developer Gust Posts Mystery Video

The game developer Gust, which is most famous for it's Aletier series posted a strange video on Youtube entitled "[ERROR 421](#)" on Monday. 421 possible represents the date (April 21st) and the video recaps various scenes from the Ciel no Surge PS Vita game's interaction portions with series heroine Ion (voiced by Ai Kakuma).

[Video: https://www.youtube.com/watch?feature=player_embedded&v=wQGLIcwHHZk]

In the blurry portion of the video, characters such as Castie (Inori Minase) and Neiaflask (Maaya Uchida) are shown for short moments and during the end of the video Ion says "The one who was late reaching the me who was only there for that period of time was you." Very creepy, more news to come when this riddle has been figured out!

Marvelous Entertainment joining the rhythm-game popularity with IA/VT COLORFUL!

Inspired by the Project Diva game series Marvelous Entertainment throws their own game into the rhythm, namely IA/VT COLORFUL. Set to release for Juli 31 this year, the game uses the renowned vocaloid engine to bring a vocaloid besides Miku unto the gaming screen. namely IA of course. A set of 35 tracks has been posted a while ago by Gematsu who announced that the game will have a complete collection of 60 songs when it is finished. Certainly something Vocaloid fans should be looking forward to.

The 35 revealed tracks.

Synopsis

The Shirakiin house's daughter, Shirakiin Ririchiyo, who has a complex about being unable to live independently and unprotected, feels the need to move out and live on her own under the condition of residing in the mansion named "Ayakashi Kan." In this mansion, only those who have cleared a very strict examination could reside in it, and for each resident, they are accompanied with one agent of the Secret Service (S.S.). Although Riricho has rejected the company of the S.S., while residing in the mansion she finds out that the agent dedicated to protecting her is actually the Fox

Spirit.

Characters

Ririchiyo "Chiyo-tan, Riri-tan, Riricho" Shirakiin

The main character of the story, she currently resides in room #4 of the Ayakashi Kan and is the master of Miketsukami Soushi. Ririchiyo is constantly in distress about not being able to communicate with people properly and decided to move to the Ayakashi Kan in order to be alone. She later befriends Karuta and Watanuki who both attend the same school and live in the Ayakashi Kan. She is the first character in Japanese anime and manga to be classified as a tsunshun instead of tsundere because she gets depressed (shun) instead of getting modest (dere) after behaving in a conceited manner.

Soushi "Sou, Inu" Miketsukami

A nine tailed spirit fox, Soushi is also a mixed blood (youkai and human) like the other members of SS, but it is the most powerful one. Soushi usually is calm, polite and gentle to everyone, but has a soft spot for Riricho (his partner), he blindly obeys her like a "dog" and always tries to protect her above his own life.

He also serves Kagerou Shoukin.

My Opinion

This show was a real treat at some times. I really did like the main characters to an extent. The way they acted toward each other was slightly annoying at times but you get over it as the show progresses. This is one of the few shounen anime I actually loved. The development of the characters is good and doesn't seem bland at all. I also really enjoyed the mix of action and romance with a nice bit of comedy on the side.

My Rating - 8/10

Interview with [Black Soul](#)

Unknown: Hello Black Soul, how are you today?

Black Soul: I feel like shit. My family just died in a fire and I lost my life savings... jk I'm fine, Easter vacations get me out of my depressed mood. How are you?

Unknown: I'm doing fine, thanks for asking. Had a bad day at work though. But let's move on to the next question, what is your favorite anime and why is it your favorite anime?

Black Soul: My favorite anime? Most undoubtedly Steins;Gate... Or Hellsing Ultimate. Steins;Gate because it's very psychological, it makes you think about the meaning of life and has a unique atmosphere with charismatic characters. Hellsing Ultimate... Blood everywhere, badass characters and a dark era, I guess, kind of fits my personality. I can't decide between those, but I'd say Steins;Gate is objectively better than HU.

(I don't like Hellsing, it doesn't embody the manga as good as HU)

Unknown: Ah, I haven't watched any of the Hellsing series myself, but I did like Steins Gate. It was a unique experience and while it had its funny moments it still had moments in it that made you think about life. Next question: Tsundere's or Loli's?

Black Soul: Wow... that's a tough one. I'm a huge fan of tsunderes myself, but also of lolis... tough choice. Erh... if I must choose between one, I'd say tsundere. Then again, it depends on their stream of tsun and dere (which is kind of the same with all characters with some exceptions to some). Sometimes I hate tsunderes and sometimes I can't help but like them... a loli tsundere will always reign supreme though, you can't beat that.

Unknown: I know what you mean, I'm totally in love with Tsundere's but I also love loli's. If you had to choose one character, who would be the most epic anime character you've ever seen?

Black Soul: Alucard hands down. I really hate to be the fanboy here, but you can't defeat Alucard. First, he comes out as the faithful servant of the Hellsings, never questioning any of their orders and he has this complete devotion to his master. Then you see a darker side to him, immortality is actually a curse to him and he's always suffering. He easily gets outraged when people who he thinks could beat him can't actually do shit, thus he's a two-sided character. I'm a huge fan of vampires, and let's not forget that he's Spoiler [\(Click to View\)](#) Dracula... plus, you can't forget his levels of power (let's not forget the Nazi assault on London). Basically, in the end, he rightfully earns his immortality and is omnipresent. Does it get even more badass than that? I sound a little naive, but I just loved the concept of the character.

Unknown: That was a pretty detailed answer. I personally think Kotomine Kirei was pretty awesome in Fate/Zero. What do you think about the Anime Adventures section at the moment?

Black Soul: In my opinion, the AA is pretty dead right now. There's only the AA lounge which is interesting, putting aside beginner threads asking for new anime. I think there could be more to the section, like when the AA regulars did the secret santa thing. It could use more members too (yes I know that the "veterans" have a skype chat), but it would be nice to have more people to initiate to anime if they're interested, also more activities such as the AA weekly which is really bringing life back to the forum. In the end, I can't really blame anyone for the inactivity since not a lot of members want to post in the AA even though they watch anime and read manga... There should be something done about that. Forcing them to come on the AA isn't an option, however, maybe encouraging them to do so? To conclude, it's still a very nice section to come and post in, you can gain knowledge from other users and have a nice chat once in a while, and I admit that it's fun

sometimes to see "newbies" posting (like the waifu thread... Really -.-)

Unknown: I see, whenever I find a new member that is interested in anime I refer them to the AA section. Thanks for your cooperation. This concludes the interview, do you have anything else to say?

Black Soul: It's my pleasure, Unknown :). As for what I have to say... READ LIAR GAME.

This weeks loli of the week award would be going to none other than our favourite torture machine, Fear "Fear-in-Cube" Kubrick. This loli's cuteness scales with her gruesome past showing a high correlation. Her cuteness is something that has gotten her an insane fan base just because of the way she gets fascinated about every little things like school supplies and what not. Seriously, who wouldn't want to get tortured by little ol' Fear here? It's just those little things that makes her deserving of the loli of the week title. Maybe we should all invest in some Fear "Fear-in-Cube" Kubrick dakimakura's to show how much we love her. If you don't agree, her fan base might just come after you.

So, the first AA Weekly contest begins! For this week we will be giving you some clues and hints, in return we want a correct answer being posted. The members that post the correct answer will be put into a raffle and a winner will be picked. We decided not to go with the first correct answer because it will be unfair due to the timezones and what not. Every week, the winner will be announced the following week. So this week, you will need to guess the Anime character!

The character we are talking about has aqua blue coloured hair. She's also broken her leg once while trying to fly on her bike (ET style of course). She loves astronomy, believes in aliens and is socially awkward. Need I say more? She also thinks she's an alien investigator herself. That clears that up, right? Easy for the first week, so if you want a chance to win, drop your answers down! Good luck!

The winner will be able to choose from the following prizes: 4 months Osu Supporter

2800 Riot Points (EUW/NA)

CrunchyRoll (4 Months Anime Membership/2 Months All Access Membership)

L33T/UB3R Upgrade (HackForums)

CandySan's Discovery pack

Damn do I look sexy in that interview

When I thought about it, I was really tempted to say Sebastian Michaelis from Black Butler as most epic character but then I'd sound gay

(or Ash Landers) (or Phantomhive) (or almost every kuroshitsuji main)

Don't know why I didn't talk about Shiroe, he's an interesting character.

Alucard is still the most badass character.

Nice news otherwise, I read half of it, I like the contest idea.

Rigel - April 21, 2014, 2:25 pm

Nice issue, especially the contest and the interview with Black Soul. My interest in anime is a casual one because I don't know what to see next most of the time when I'm done with an anime.

Ah, this was really fun to read, extremely well written, good job. :3

DoubleRainbow - April 21, 2014, 2:27 pm

Awesome release this week Happeh.

Good job to all who helped put this together as well, you all are helping to keep this section alive and fresh. You should be proud.

Black Soul, good on you for picking the right character for most epic. Hellsing is really a top notch series I believe.

As far as the contest answer..Spoiler ([Click to View](#))Erio Towa

C0bble_St0ner - April 21, 2014, 2:32 pm

To answer the AA contest, the character your describing is Erio Towa. Also I'm glad this started back up keeps me informed on various news, which I like.

King Cin - April 21, 2014, 2:36 pm

Was fun working on this with the rest of the staff.

I may randomly send users a request for an interview ?.

Happeh - April 21, 2014, 2:36 pm

Thanks for all the comments so far everyone. This has probably been the biggest issue to date and I've been pretty nervous putting it all together but I'm glad it came out fine. ^^

On a more sentimental note: Thank you to all the staff who volunteered. The reason this one is so much more meaty and quality is because of the people now helping out. Without them this would still be pretty boring, now it's packed and fun. ^^

Rakshasa - April 21, 2014, 3:37 pm

I'm going to sound like such a dick when I say this, but... loli of the week? Really?

Aside from that, I love the changes you guys have made. A gaming section is a nice addition, albeit the difference between the articles there and gaming-related headlines are a bit blurry to me. The interview section is going to be interesting to follow, and I love the contest idea. Though, if you're going to have another "guess the character" one you might wanna have the entries PM'd instead. Just my opinion.

Anyway, good job guys. I swear, this is like the only thing in AA these days that doesn't reek of shit.

Ryuuujinx - April 21, 2014, 3:50 pm

I'm interested in how Lady Gaga's fans will take Hatsune Miku.. Her demographic is primarily female teenagers as far as I know, and teenagers can be pretty damn close-minded :/

Very nice issue, I like all the new additions. Wish I had been there for the straw drawing so I could land the loli of the week section. Also noticed some grammatical and thread design related problems, do you require a proof reader? Since the AA Web Show seems to be dead in the water without a crew to salvage it, I have a few more hours to devote to AA.

Speaking of the Web Show....why wasn't my revival thread in the AA news? :(

crazyycast13 - April 21, 2014, 7:05 pm

A vocaloid is opening for Lady Gaga? What? Duhfuq did I just read.
Because of that first article, I didn't really pay attention to the rest.

Instead of Loli of the week it should be character of the week, just my personal opinion. Maybe also include a manga review too?

Either way good job Happeh keep it up.

Kina - April 21, 2014, 7:15 pm

I know what you mean, its an interesting mix and could either work well or horribly. I wouldn't be surprised if many left before Lady Gaga hit the stage and if many turned up late to miss the Vocaloid tunes, so we'll see.

Right now I'll discuss the contest with Tweety. He's the mastermind behind it all so we'll have a meeting and discuss but I like it as it is. It isn't always going to be 'name x char', and just because a few people say its 'y' doesn't mean it is. But we'll talk and discuss. ^^

It would actually really help to have a proofreader. I take quick looks over it but don't go into full teacher mode as I normally spend 3 or so hours doing the editing etc. If you're up for it shoot me a PM or Skype me and I'll throw you into the staff chat.

Also, blame Hime or Unknown for that, they do the AA news. I try to let them independently report rather than add a bunch of threads myself. Must of missed it, sorry. :p

Thanks everyone for the kind words, this blew up as quick as I've seen for a long time so its nice people are liking it more! Wait till next week, all of us at AA Weekly Staff want to make each news bigger and better than the last, so prepare your butts.
