Although this is not an easy method, and you will need time and "luck" as some say to actually create money.

This is not an automatic way, but you could do it really easily once you're all setup and know how to do it.

(Apr 22, 2014 09:25 AM)Dude Wrote: [\[CITE\]](#) Thanks for the vouch copy OP. Here is my review after a quick read.

This is a very simple method to earn money, and will not need much work, just some patience.

Originality: 9/10

I have never before seen this method, but I have seen something similar.

Ease of use: 10/10

The ebook tells you as much as it can, and the method itself is really simple and shouldn't take much work.

Whatever needs to be done can be "pre-done", meaning you can do the same thing every time.

Grammar: 7/10

I found some mistakes just by skimming through it, but OP explains it at the end of the ebook, saying that he is Italian.

Layout: 8/10

The layout is simple, but it works just fine.

Overall: 8.5/10

The ebook is very simple, easy to use and pretty much unknown.

Good luck with sales.

I'll add payment proof whenever I get the time to actually try this method out :)
