does this still work? i just set it up and im still wondering, and how could i test on myself??

Fish - May 13, 2010, 12:26 pm

Yes it still works and you could run the bot on your self

Dont be stupid..

Fish bought it and is ubarpissed 'cos it got leaked so trashes all warbot related threads.

Dont infect yourself.

Lol yeah, you'll prolly have to go somewhere else to get it though Fish, xd apparently subwar and like 4 other members got banned for posting a bunch of pics like it was 4chan, so unless he makes another acc i doubt i'm gonna buy 1.2 (HF is usually all i visit)
