Great Deal Here, \$5 Gift Card For Free Xbox [HERE!](#)

Was Also thinking could you make a fake receipt like the old spectrum camo exploit?

DoubleD - April 25, 2014, 5:55 am

Did anyone else try this? Curious, might look at it.

DO NOT DO THIS WITH FAKE Proof, eprize does NOT mess around and will come at you with legal actions, no matter what VPN/VPS you are behind. They are serious.

wow seriously kid give up? you dont know anything about security do you not so much that but OFFICIAL CONTENT. let me help you

1) google do not take care in this feature for no reason (this means the website is secure officially from google)

2) goto xbox's official promotions page and scroll down to see... the fake official promotion... lol seriously [HERE](#)

better luck with your assumptions next time pal?

Im not saying the promo is fake, I am saying that you should not try and cheat the system. eprize does not take kindly to people trying to take advantage of their promotions.

So..why are you using an affiliate link?

Ab\$olute Money - May 10, 2014, 11:42 am

Submitted one of my Amazon proofs, shame that I have a ton of these receipt on Amazon but I don't think they would accept multiple amazon ones.

Hypo - May 10, 2014, 2:33 pm

I just submitted, thanks for the notice!
