Thread: [\[PSD\] MY VERY FIRST thread design \[PSD\]](#)

Mr. Sultan - April 25, 2014, 6:06 am

Hey HF! I made my very first thread design based on these tutorials:

<https://hackforums.net/showthread.php?tid=1860828> and

<https://hackforums.net/showthread.php?tid=3625380>. I know almost nothing about graphics designing and for a non experienced person like me, it took time to make this. The download link of the PSD file also includes the fonts and pictures.
