Why do you deserve a free Hacker Craft award?: I don't think I deserve it more than anyone here.

Have you ever played Minecraft?: Yeah I used to play hc when my computer was working. My username was skabur123 if you remember me.

How much wood could a woodchuck chuck if a woodchuck could chuck wood?: Well I would say about 30-40 depending on his leet skills.

Why do you deserve a free Hacker Craft award?: I played Hackercraft long ago and stopped after multiple not that great updates. I always wanted this award specifically the Green one but the Purple one would be great. I loved Hackercraft when it was Peach and I having our Strong bases and no one could conquer us. I just think if I got this it would show I was a HackerCraft Player and it would be a great image to show.

Have you ever played Minecraft? Yes

How much wood could a woodchuck chuck if a woodchuck could chuck wood? " The amount of wood that woodchucks would chuck on a given day varies greatly with the individual woodchuck. According to a Wall Street Journal article, New York State wildlife expert Richard Thomas found that a woodchuck could chuck around 35 cubic feet of dirt in the course of digging a burrow. Thomas reasoned that if a woodchuck could chuck wood, he would chuck an amount equal to 700 pounds.

Some say it depends on three factors:

The woodchuck's desire to chuck said wood.

The woodchuck's need to chuck the aforementioned wood.

The woodchuck's ability to chuck the wood when it is a woodchuck

"

Why do you deserve a free Hacker Craft award?

I do not have any other award other than the default sapphire. I've been wanting this award for awhile. I played Hackercraft for about 2 weeks. Within those 2 weeks I was grieved 3 times. Other than my unluckiness in the minecraft servers, I've been quite giving. I've been going throughout the "Gay Fucking Requests Cuz You Want Free Shit" and giving out free netflix, spotify, hulu, etc..

Have you ever played Minecraft?

Yes, I've played Hackercraft.

How much wood could a woodchuck chuck if a woodchuck could chuck wood?

A woodchuck would chuck as much wood as a woodchuck could chuck if a woodchuck could chuck wood, sillygoose.

Elite. - April 25, 2014, 10:44 pm

I've contributed to the community, and I really enjoy HC. I just have been unable to play recently.

Have you ever played Minecraft?

Yeah, used to play on the old HackerCraft for a while. I was a POW3R, but now I haven't been playing at all this map.

How much wood could a woodchuck chuck if a woodchuck could chuck wood?

A wood chuck can't chuck wood.

Pray - April 25, 2014, 10:45 pm

Why do you deserve a free Hacker Craft award?: I've always wanted the award but have never had the money for it. I saw this and thought it'd be a great chance to try and get one. I want the award because I love Minecraft and wish to show it on my profile.

Have you ever played Minecraft?: Yes. I've played it since the first months it was in pre-alpha and have played it since. I've also played a bit on HackerCraft, but most of my hours are on Single Player.

How much wood could a woodchuck chuck if a woodchuck could chuck wood?: It would chuck a lot of wood.

Lucid - April 25, 2014, 10:48 pm

Why do you deserve a free Hacker Craft award?Although I may not be the best minecraft player I started playing while stationed overseas. I deserve it just as much as everyone else does! Also I would like to have an even number of awards so you could really help me out on that!

Well, I'm not sharing too much right now, but I'm starting a huge project to contribute to the community, and I'd do giveaways a ton if I had time and money to, but in reality, I guess I don't deserve it more than anyone else, nor any less.

Have you ever played Minecraft? Yes. Since '09.

Why do you deserve a free Hacker Craft award? I have been in the mc community for a while. I love minecraft, and anything to do with it.

Have you ever played Minecraft? Hell yes! Owned a minecraft server for two years! I'm in love.

How much wood could a woodchuck chuck if a woodchuck could chuck wood?

But if a wood chucks woodchucks, woodchucks chucked by wood wouldn't chuck, and being chucked, woodchucks would chuck negative wood.

The conclusion: We are dealing with imaginary wood

Slut Muffin N - April 25, 2014, 11:15 pm

Why do you deserve a free Hacker Craft award?: I feel like I deserve this award because I use to be a dedicated member to hackercraft and I love it. I use to play it every day till omni turned it into what it is now.

Also, I've never won a contest here on hack forums out of the 3 years or so I've been on here.

Another reason is because I spent hours on hackercraft, days even and never achieved the award.

Have you ever played Minecraft?: Yup, I play faction servers such as gontroller and daegonner. I play all day every day pretty much. Minecraft is currently my gaming life. I love it so much I'm just not really sure why.

How much wood could a woodchuck chuck if a woodchuck could chuck wood? A wood chuck would chuck six hundred thirty pieces of log.

But, if he stuck it in a crafting table, he could multiply it by 4 and it would equal Two-thousand-five-hundred-twenty.

That is simply how much wood a woodchuck could chuck.

_wind - April 25, 2014, 11:15 pm

Why do you deserve a free Hacker Craft award? Ever since the farming economy came out, HC has lost it's purpose. It's boring to farm all day, and everyone is playing for the award. I used to spend my whole day on that server, now I barely go on it. Please give me the award so I can be done, and be content about my time wasted on HC.

Have you ever played Minecraft? Since 1.5

Why do you deserve a free Hacker Craft award? I deserve it the least tbh, awards are fun but I

never contributed to HackerCraft and I don't intend to. Seriously, you're better off giving this to someone active in HC. I'm just participating for the pixels I might or might not get.

Have you ever played Minecraft? Yeah. I used to play it before they put Endermen in the game. Had a huge glass castle, went to sleep. Zombies came in, I lost my shit and panicked, didn't play it for a long time. I tried to avoid mobs. Eventually it took a lot of my free time and I had to stop it.

How much wood could a woodchuck chuck if a woodchuck could chuck wood? wat

Darkwin - April 25, 2014, 11:28 pm

Why do you deserve a free Hacker Craft award? I have no awards and I think it looks really cool.

Have you ever played Minecraft? Yeah I played it almost 12 hours a day a while ago. I lost my account and once I get some money I plan on playing Hacker Craft.

How much wood could a woodchuck chuck if a woodchuck could chuck wood? This is a trick question.

Dood - April 25, 2014, 11:41 pm

Why do you deserve a free Hacker Craft award? I've been HC for a long time now, and I've been having a really hard time earning enough eco money on the new server. When I finish a decent sized farm to earn, like I could with the original green HC award, it usually gets raided, leaving me with nothing. I've pretty much given up on the server; the changes really take the fun out of the server. No factions? Really? How are Instinct and 666 going to run the place? The command cooldown timer is just flat out stupid.

Have you ever played Minecraft? Yeah, I have. I actually bought Minecraft just to play HackerCraft, a year or two ago.

How much wood could a woodchuck chuck if a woodchuck could chuck wood? Depends on how strong the woodchuck is. They have tiny stubby arms, but I could hazard a guess at 1-2 medium sized pieces of wood.

Zabuza? - April 25, 2014, 11:50 pm

Why do you deserve a free Hacker Craft award? I feel I deserve the Hacker craft award because of how hard I try to help this forum, mostly through helping members through tough times. I also wouldn't mind it as I've tried to get it on my own so many times, yet I never can, and 630 I think you may be able to vouch for that. ?

Have you ever played Minecraft? Yes, many, many, many hours. I've also been playing since around 1.7.2 Beta.

How much wood could a woodchuck chuck if a woodchuck could chuck wood? It depends if he's using vanilla or a client, and if a client which client. I would guess around 64 half slabs on vanilla, and as much as his inventory can hold when using a client. ?

Fintastic - April 25, 2014, 11:53 pm

Why do you deserve a free Hacker Craft award? I don't play MC multigame servers because I like more playing alone solomode so I don't have a chance to get it. Also my minecraft account is now stolen and I don't want to pay \$20 again when I once paid it already.

Have you ever played Minecraft? Yup, first time when I played MC was when it was possible to try it on a browser, not sure if it's possible atm but it was back then.

How much wood could a woodchuck chuck if a woodchuck could chuck wood? Woodchuck would chuck all the wood if he could chuck wood!

Forex King - April 26, 2014, 12:11 am

Why do you deserve a free Hacker Craft award? I love Minecraft, and the programming aspect of it especially <3 HackerCraft is decently fun, and I like to play it quite a bit in my free time. Regardless of if I work 40 hours a week + School. Mwahaha, yeah my life is busy, but I definitely would love to see this added to my awards so I can start adding on.

Have you ever played Minecraft? Why yes, and programmed servers, mods, etc..

How much wood could a woodchuck chuck if a woodchuck could chuck wood? Well.. 64 per stack, and 4 planks per peice of wood.. So essentially 256 planks of wood for one stack of wood from chopping down a tree.. Yeahahahah

Nate - April 26, 2014, 12:26 am
