Looks good, creepy but good. This made me laugh for about a minute, I don't even know why. Keep up the good work Baghead.

The original drawings are better because they have a shitty style to them (No offence). This doesn't work at all.

Firstly, if someone could tell me what this link is, that'd be nice. EDIT; Dw, read post above ^

Secondly, I like this. I think you two would make a nice team:p You both have skills on each end of the spectrum. I'm hoping for some more of these in the future. :P
