The Server is like MineZ and WarZ but minecraft style we have added our own features and our own things its still in alpha but we are working on adding new things please come and check it out :P

Features:

- Custom Guns
- Custom Loot
- Custom textures
- After death, zombie spawns with your name and items
- Thirst level
- Antibiotics to cure poison from yourself caused by zombies
- No-Lag
- Real-time in-game time
- Bandages to heal wounds
- Events!
- Custom Ranks
- Custom Permissions
- Real gun names with descriptions
- Custom ammunition
- Amazing Map
- Cars(Has bugs so it will be released once fixed)
- Custom items
- Safe zones
- Parachute
- Lobby to hang out and learn to play.
- Custom sounds

And more.....

See you on the server!

come and try it guys :D its fun hope u can try it out

Should give me a custom rank. <3

I'll get on now.

EDIT: The baby zombies are really OP for me at least. Also spawn pretty fast.

EDIT 2.0: Might want to fix this texture. [\(Click to View\)](#)

EDIT 3.0: FOUND IT! [\(Click to View\)](#)

Posting so I could remember to go back to it later today.

Servers looks like it could have some potential.
