Welcome to the official Polymath Radio Discussion thread!

Over 55 people tuned in to our first ever radio show, broadcasted on March 22nd. If you weren't able to listen in, you can go to our replay thread [here](#). We weren't going to leave you hanging on just one show, though; there are many more to come. We received some excellent feedback before, during, and after the broadcast, so thank you!

The great minds behind the scenes of Polymath Radio want to be able to play what you want to listen to, and talk about what you want to hear. However, we're not psychics. Before releasing the date of the next show, we want to plan ahead to make sure that we cater to your interests. Fill out any of the forms below that apply to you, and we will try our best to get your interests on air. Also, if you are interested in being on the show as a guest or a co-host, please PM me.

Link me to the Polymath Radio please.

Also, ComponY should be a part of the radio team or host it with you, he is the best!

And he should rap on it too, he's awesome at that. ?
