Originality: 7.5/10

I have seen methods similar to this before, but this method goes into great detail on how to make a profit.

Price: 9/10

At the price this e-book is, I believe you can easily make a profit with just a little bit of work!

Grammar: 10/10

I didn't see any major problems with the grammar in this e-book, and it was very well punctuated and easy to read!

Overall: 9/10

Overall, this e-book will make you a guaranteed profit, as long as you follow all the steps properly and read through slowly! I recommend buying this, it's well worth the money and helpful for the new, uneducated users trying to make some money.

Vouch for .Glazed!

I have been given a vouch copy for this Ebook. And will be reviewing it.

If you are a beginner and have no idea where to start spreading, this is perfect for you. The method is simple easy and very effective. The Ebook comes with many resources to help you on your way to spreading success.

Well worth the \$5 if you're new, not really recommended for intermediate spreaders etc.

Thanks. (May 1, 2014 11:25 AM)Slàvèry™ Wrote: [\[CITE\]](#) Although me and him are friends, I purchased this off of him for the hell of it and I literally made 135\$ within 2 hours. Pros: HUGE list of resources

Cons: Doesn't go into great detail on how to use them

Overall: 8/10
