Thread: [Emma Watson vs Emma Stone](#)

Who do you prefer?

I love Emma Watson (as you could see) because of her role in Harry Potter, she played Hermione Granger.

Saw the movie Easy A, Emma Stone was in it, she played Olive. I personally hate that movie so much but I think she's beautiful.

I prefer Emma Watson though.
Emma Watson > ALL

Lets just say I would stone them. Get it huh huh?

But seriously tho I like Ema stone's personality. Shes a really cool person. As for the other girl, she looks like her mother was a crack fiend.

I vote for Emma Watson, she's hot as fuck dude, like god damn

CY?AX - May 1, 2014, 9:35 pm

I would go with Emma Watson, although that picture with both of them is not very flattering for her. That's a really faked smile, wonder what the context is behind that.

jjhister - May 1, 2014, 9:42 pm

Gotta agree with almost everyone here, Emma Watson is really hot. She's got a much better face than Emma Stone hands down.
