Post your twitch channel and I will send you the views. Only for the first 5 people to request them.

Please be patient. If you dont get your views right away its probably because im doing it for somebody else.

Closing the thread here since the first 5 users have posted. I have finished sending the views to Jesaphix, GeWo and Bloodarrow42. I am currently sending views to Wuuuf and I will send the last set of views to SKWJR right after. Thank you all!

EDIT: Views have been sent to all people now. Enjoy!
