That moment when the beginner hacking section is more HQ..

DarkAbyss - May 3, 2014, 7:06 pm

I checked all of these shells and only got 1 to work, these are not the best

Walkingd3ad - May 3, 2014, 7:26 pm

hmm , i really appreciate the work you did to post this , but they are all dead and weak

Zero™ - May 3, 2014, 7:29 pm

the links like <http://valueily.webs.com/CallDoc1.php> are not even shells these are nothing all dead worthless how about you buy a XML and exploit some loool

WACKO - May 3, 2014, 8:08 pm

Omfgggggg thanks bru im gona go start a hard hitting booter thx so much !!!

In all honesty, just why. Almost all these are dead. And they're on pastebin, so they're public.

Yes i did say that its from pastebin and its not me that are needing shells ...

hahdbwoannniabs - May 4, 2014, 8:03 am

Nothing to see here people. Just another kid looking for some rep.

.slash - May 4, 2014, 9:32 am

There's only like 10 different links for each, and most are dead.

You got my hopes up, gotta power down Jay's Booter now, thanks...

dotcppfile - May 4, 2014, 9:41 am

Lol, with all my respect, you guys are the kids in this thread. I dont give a shit if you -rep for saying so... This guy is sharing something, it's probably old, not working properly and whatever but it's a goddamn share; its fucking free and he's asking nothing in exchange... You dont have to like it but you shouldn't fucking make fun of him or flame. Damn...

Just make sure you're sharing something valuable and working that would benefit this community. Good luck sticking around here.

temstin - June 10, 2014, 4:30 am

35 of them work, i just checked.
