What is your favorite dream, HF?

I'll go into detail on mine.

Me, Glenn, Rick, Daryl, Maggie, and Hershel. (Walking Dead)

The first dream i had before i woke up at 3am went like this:

I was in a dessert, in a weirdly shaped building, when i noticed zombies were everywhere, then the next thing i know, i'm headed for a building where Daryl and Maggie are, and they let me in, and close the 2 glass doors, one in front of the other, then Daryl says "When i say go, hit the button on the wall" i assumed it was a nuclear missile, right when i was about to press it, i fell and could not get back up, i also could not open my eyes, when i tried, i woke up, at 4am

Part 2:

I woke up at 4am, and went back to sleep

I remember being in a fenced in area with rick, my neighbor Justin, The short haired chick, Daryl, and Rick. Justin was in Rick's red truck. i went over to where we had our food laid out, and i started putting 3 of each food in a Kroger bag, when the short haired chick(Forgot her name) said "So, currently you are doing nothing?" Then laughs, i said "no, i am packing a" get up and go bag, in case a mob comes by, and we have to get out asap." Then a guy comes by, he said something like help me, but that's all i remember with him, then, we some how wound up in a helicopter, with bags, we were at Maggie and Hershel's. just me Daryl, and Glenn, we threw our stuff over, but it landed in the water, so i pulled them out of the water, screwed around for a bit, found a Kunai, got made fun of by some stupid 17 year old, who i wish who had gotten eaten by a zombie, then i went in the other room, to find Maggie playing god of war 3 on the Wii, then things got a bit modern, i said we should get out of that house (WAS NOT THE FARM HOUSE!) and get somewhere better because the zombies could be anywhere, and break through the windows in the big house. Then, i think of the nuclear base, and it's time to get up and get ready for school.

This has to be my weirdest dream by far, thus coining it my favorite.

I took this from my old Facebook, and I have made minimal grammar corrections, so I am sorry for that, but I'm off to work. I'll check submissions on my break.

As most people would say, it was a dream about a girl.

Only most people would say a wild time, but honestly it was just a dream about dating this girl.

I'm so lame.

I figured as much that a lot of the dreams here would be wet dreams.
